

Elexo

Comfort, control and dignity – in every care movement

5100 5500

Elexo shower toilet chair

The Elexo is a fully electric height-adjustable shower toilet chair designed to support clients who require comfort, safety, and dignity during personal care routines. With its quiet motorised functions, the Elexo allows for seamless positioning transitions – enabling caregivers to maintain safe and efficient workflows without disrupting the client's sense of stability.

The chair is suited for use in both shower and toilet settings and can be easily positioned over most toilet models. Its compact design allows for smooth navigation in tight spaces, making it ideal for modern care environments. Integrated user-friendly controls and thoughtful design elements ensure that both client and caregiver benefit from a smooth, secure care experience.

The Elexo is a trusted solution for professionals seeking to elevate care standards with precision, ease, and adaptability.

Ergonomic Use. Equipped with smart handles and four braked castors to simplify manoeuvrability, ensuring high stability on various surfaces and minimizing the strain on the caregiver's joints.

Reliable & Long-Lasting. Built for daily care and backed by a 60-month warranty, offering a dependable performance.

Antibacterial & Corrosion-Resistant. The antibacterial coating with silver-ion supports hygiene and infection control, while the corrosion-resistant frame with smooth surfaces ensures durability and easy cleaning.
